

STRATEGIC NEGOTIATION SKILLS

*Negotiating is part
of every day life.*

In business, negotiating is often competitive and demands skills that create positive results. Although real life situations and 'on the job' training is the best coach to become a "Skillful Negotiator", yet attending intense short duration workshops, sporadically, add value to perception and contributes in sharing one's own experience with others.

*Join this one-day
course and be a
skillful negotiator!*
