

Integrated Management System based on ISO 14001:2015 and BS OHSAS 18001:2007 Standards

(Introductory and Internal Auditor Course)

Duration: 2 days | **Time:** 9am to 5pm | **Fees:** AED 2,950 per participant

Day 1 - Introductory Course

This training has been developed to assist organizations and individuals planning to implement the ISO 14001:2015 Environment Management System and OHSAS 18001:2007 Occupational Health and Safety Standards. The training will address the basic concepts of EMS and OH&S, the requirements of the ISO 14001:2015 and OHSAS 18001:2007 Standards and the importance of the Management's role in implementing an Integrated Management System (IMS).

Outline:

- A detailed review of the 14001: 2015 and OHSAS 18001:2007 standards and its applications
- A discussion of the strategies for registration and how to establish a project plan for implementation
- An introduction to the process approach recommended by 14001: 2015 and OHSAS 18001:2007. Identify work related and personal time wasters and generate ways to overcome them
- A review of the structure of Integrated Management System

Day 2 – Internal Auditor Course

Through lectures, discussion, workshops and role plays you will learn to apply the Plan-Do-Check-Act methodology to understand a process approach to internal audits. The course will help you to build on your previous internal auditor training and reinforce effective techniques for audit planning, preparation and performance. It will also help you to understand how to complete audit reports based on the requirements of ISO 19011.

Outline

- Concepts of Quality assurance and systems
- An overview of ISO 14001: 2015 and OHSAS 18001:2007 standards
- Analysis of environmental management and health and safety system documentation
- Objectives of internal audits
- Types and aims of assessments
- Planning and preparation techniques
- Performing the audit
- Classification/ reporting of findings
